Re: ACA Reporting Requirements

Effective Dec. 23, 2024, employers are no longer required to mail out 1095-C or 1095-B, a tax form that describes when health insurance was available to a full-time employee.

If you are in need of your 1095-C or 1095-B for 2024, it is now available to you in ADP under the "Myself" tab and "Pay and Tax Statements".

You may also request it by mail:

You may request by email:

Or you may request it by phone:
